Spacemaster® SX Hoists

R&M Materials Handling has over 75 years of experience in the overhead material handling industry. Our products and services are distributed by a wide and diverse network of independently owned and operated businesses. This wide network includes crane builders, crane service companies, industrial distributors, entertainment industry suppliers and other material handling equipment manufacturers and distributors.

Headquartered in Springfield, Ohio, USA, R&M's distribution network extends from Canada to Chile. Our modern and strategically located facilities enable us to provide timely and accurate deliveries throughout our markets.

Our products and services lead the industry in innovation, performance, and reliability. We provide state of the art proprietary software, training and technical support tools to our distributors. Our pre-engineered products, technical experts, as well as on-line access to information and support allow our distributors to concentrate on serving their customers. Our people truly make the difference - they are dedicated, service oriented, multi-lingual professionals.

Chain Hoists

We offer one of the widest product lines in the overhead material industry:
